

Amy My Girly Pop,

HIII GIRLYYYY!!! I just want to say a few things and technically its Friday, so you get a letter!! I know I kind of lacked on them recently but here is this weeks!! Let's start with the elephant in the room which is the fact that the next time I see Pearl it's just going to be you with the keys and like the aux cord because the rest would be scattered from here to Bryn Mawr. Jk jk. As you know I am on top of pearls needs and I will be getting everything that you could possibly need for her!! It's been a minute since a foodie Friday and a Friday letter, and I am sorry it's just been super busy, but I have some time and I said, "I want to see what I can do to her website and add a letter because she deserves it" and man oh man am I right. You know what else you deserve a Cotton-On shirt (I'm sure I let the cat out of the bag already) but it will be there hopefully this week.

So, as we all know you're the queen of being giving and just a queen overall and a queen deserves a lot of things, many of which I can't get you just yet, like a castle and a crown. However, there is one thing a queen gets that I can give you, well tell you. Amy, I remember writing the last letter I gave you and for some reason every time I write you something I just think of more things to say and it's simply because you're just always giving and just perfect. I just wanted to tell you that you're a really amazing person because your support is everything. When I wrote the thing for your website about family It really hit me about how close we are and how much you mean to me, and I feel like all the times I've said that I appreciate you doesn't give it justice. So, formally girly pop I appreciate you and how you've made me a better person, how you made me look more giving, and how you just make this friendship so perfect. I always thought when I met somebody new it would be something like what we have but I realized that nothing will ever compare to what we have. Even when we weren't talking, I knew that what we had was special and you showed me what a true friend is. When I realized that I just got all happy and got this feeling of comfort. So, Amy I want to say thank you for everything you do for me, and everything you've done for me.

Now, time to check in on my girly pop. If there's anything I can do for you just please ask and I don't care if I'm in class, asleep, or if I'm taking an exam, I will find a way to help you. Now I just want to ask you are you okay? How are you feeling, is there anything you need to talk about or just blow off steam about? If there is just know I'm here. You're my girly pop and I really care about you, and I just want the best for you so whatever the best is you let me know.

Now here are upcoming website updates:

- Potential Full-time jobs for you
- More pictures (I just have to get some)
- A venting space: This is an idea I have where it's a text box where you can put anything and whenever you refresh the page it gone.

If there's anything else you want just ask me and I'll do it. I hope you have a great fucking day and keep popping that pussy girly pop>
